3rd Quarter 2014

Disclaimer

This presentation may include references and statements, planned synergies, estimates, projections of results, and future strategy for Banco do Brasil, its Associated and Affiliated Companies, and Subsidiaries. Although these references and statements reflect the management's belief, they also involve imprecision and highly difficult risks to be foreseen. Consequently, they may conduct to a different result than those anticipated and discussed here. These expectations are highly dependent on market conditions, on Brazil's economic and banking system performances, as well as on international market conditions. Banco do Brasil is not responsible for bringing up to date any estimate in this presentation.
